

Product Name :
Inverter ARC Welding Rectifier

Product Code :
AST-WED0007

Description :

Inverter ARC Welding Rectifier

Technical Specification :

Offered at industry leading price, Inverter ARC Welding Rectifier is easy to operate and renowned for its ability to weld continuously.

This high speed and power saving welding equipment is suitable for all types of rod (acid and alkali) and supporting cellulose rods. Automatic protective mechanism of this welding equipment counters over-current and over-voltages.
