

Product Name :
Oil Cool Welding Machine

Product Code :
AST-WED0009

Description :

Oil Cool Welding Machine

Technical Specification :

Years of expertise, knowledge database, innovation and hard work has brought us loyalty from end-users, dealers and distributors, making us among the prime leaders of the Welding Systems Industries.

Commitment of a lifetime:

Modern oil cooled magnetic mechanism

High OCV machines for use of longer welding cables

Saves electrical energy due to its low no load loss

Steady output current for better metal transfer rate
