

Product Name : Money Bags Coin Value Game	Product Code : MATHSUK-AS05LAB001B
---	--

Description :
Money Bags Coin Value Game
Technical Specification :
<p>Money is earned by landing on a square labeled with a practical chore, such as setting the table (31 cents), or an entrepreneurial endeavor, such as a lemonade stand (15 cents).</p> <p>If the spinner lands on "no nickels" then you collect your change with any coins except for nickels.</p> <p>The object of this colorful and compact board game is to earn money while winding along a cartoon path.</p> <p>In order to collect money, the spinner is used to determine which coins can or cannot be taken from the bank.</p>

There is an additional incentive to use critical thinking and coin combining skills.

Extra money can be earned if you land on a "Bank Exchange" space and exchange your coins (for example, two nickels for a dime).
